

LITETOUCH™

Makes all software fully touch capable.

Rated for 50,000 hour lifespan.

Built with aluminum bezel and room-filling speakers.

- Cost effective way to replace aging projector systems with no maintenance, bulb changes, calibration, or alignment needed.
- Multiple mounting solutions available (mobile cart, wall mount.)
- Can be easily upgraded by adding PC module.
- 4K Ultra High Definition interactive touchscreen with 20 points of touch, industry-leading brightness and clarity, and a built-in Android PC.
- Displays your computer screen wirelessly or via 3 HDMI inputs or VGA input with audio.
- Includes LitePen annotation and screen recording software.
- Industry-leading 5 year limited warranty included.
- Anti-Glare Glass chemically etched for a smooth, glare free surface.
- Professional installation available.
- Contact us for pricing and quantity discounts!
